

## **LdV Partnership Project (01.08.13 - 31.07.15)**

### **Education Schemes as an Integration Tool - A European Comparison (ESIT)**

#### **Newsletter No. 2 - December 2013**

##### Topics:

1. Website
2. Presentation of a current project
3. First Meeting of Project Partners in Berlin/Germany

##### 1. Website

With a little delay, the project-website was published in November 2013:

**[www.esit-europe.eu](http://www.esit-europe.eu)**

On the website you can find the presentations of the project-partners and the selected examples for illustrating the different approaches in the involved countries for "Education Schemes as an Integration Tool" (good and bad practice). The website also includes a forum for the exchange of the project partners and the documentation of the project activities (f. e. "Newsletter").

The calendar has not yet been established, sorry, but we think, that it is also available until January.

If you've questions or ideas for improvement, please tell us.

All informations available to me are set on the website, but some are still missing. If you've any questions, please don't hesitate to contact me.

Please, can you also send me your logos (except UK).

We propose, that our exchange takes place from January 2014 only through the website.

## 2. Presentation of a current Project

In the Forum you can find a topic "**Current projects BWK: match**". There we introduce a project of our daily work to illustrate one of the approaches for "Education Schemes as an Integration tool". I'm looking forward to your feedback on the project.

## 3. First Meeting of project partners in Berlin/Germany

According to planning, the first constitutive meeting of the project partners will take place in Berlin in March 2014.

### **3.1 Dates**

We propose to schedule the meetings with a temporal extent of 5 days?

To find an appointment, we've set up the topic "**First Meeting in Berlin: Dates**" in the Forum. There we suggest some dates for the appointment. Please tell us your wishes, so we can find a date, that is pleasant for all partners.

### **3.2 Hotels**

Also in the Forum you can find a list of hotel offers in the topic "**First Meeting in Berlin: Hotels**".

All Hotels are in the urban district Friedrichshain/Kreuzberg, therefore it's a short way to the BWK and also an interesting surrounding.

Please tell us, if you like to book by yourselves or if we shall book for you.

Can you please tell us, how many people you are traveling with to Berlin.

Still another note: In the Hotel Prens works a former trainee from the BWK and in January 2014 the Hotel will activate a Code named **BWK 2014**. There you can find better conditions. We're also in contact with the other hotels and we inform you, if we've news.

### **3.3 Intercultural excursions**

Finally you can find a topic "First Meeting in Berlin: Intercultural Excursions" in the Forum. There you can note your wishes for sightseeing, cultural events etc.

Last but not least we want to say Thank you to all of you for the good cooperation in 2013 and we look forward to further cooperation in 2014.

**We wish you all Merry Christmas and a Happy and Healthy  
New Year!**
